Purchaser \_\_\_\_\_ Address \_\_\_\_\_

Signature of Purchaser \_\_\_\_\_ Title \_\_\_\_\_

**EXEMPTION CERTIFICATE INSTRUCTIONS**

1. This exemption certificate is valid for LPG (liquefied petroleum gas) only.
2. All portions of the exemption certificate must be completed. This form must be signed by the purchaser or the exemption will be disallowed. The form should be retained by the seller for three years.
3. This certificate is required only when LPG is dispensed from metered highway storage for other than highway purposes.
4. Exempt sales of LPG from metered storage shall be limited to the following three uses:
  - a. placed directly into a fuel supply tank which is connected to the heating or cooling unit installed on a highway "reefer" unit, provided the fuel supply tank is not connected nor has provisions for connection directly or indirectly to the power source of the highway motor vehicle.
  - b. placed directly into the fuel supply tank of a nonhighway motor vehicle.
  - c. placed into carryout containers.

All other sales for other than highway uses must be from bulk storage and not from metered highway storage.
